

MTC X-Clear RF System

The X Clear TX-RX Swept system, that is specially designed to ensure superior detection in glossy environments.

The X Clear mono transceiver electronics employ moving field detection in combination with a 2 or 4 antenna loop. The MTC X-Clear offers a true wide aisle solution and is ideal for retailers using RF paper labels. The X-Clear series are compatible with all available MTC 8.2 MHz labels and tags.

Features:

- Specially designed for glossy enviroments
- Lights up completely when in alarm
- Visual and audible alarm
- Robust plexi design
- Robust electronic cover
