

J-PLUG WATCH

High security watch solution. One size fits all

ONE SIZE FITS ALL

Secure a large range of devices without the need of custom stands/ claws and charging sensors. The high security J-Plug Watch works with any size device and any strap releasing mechanism.

OEM CHARGER

Compatible with devices using OEM connectors and OEM charging cradles.

J-PLUG WATCH

High security solution with complementary styling.

J-PLUG ALARM CORE

Alarm solution for devices with Micro USB connection.

ELEGANT FORM

Elegant design that does not cover the face of the device. Premium design to complement high value wearables. J-Plug Watch perfectly angles the device towards the customers, inviting them to indulge in an un-obstructed experience.

- A WATCH STAND**
High security for all wearable devices.
- B EASY ABOVE COUNTER RE-MERCHANDISING**
Works using the existing Tab Stand mounting point.
- C CHARGING AND ALARM (OPTIONAL)**
Charge directly with Micro USB connection or via the product's charging cradle.
- D 98dB SIREN & LED**
Built in siren and LED lights act as a physical presence to deter thefts.
